

Neil Peplinski

Chief Investment Officer, Cedar Capital

Neil Peplinski is Cedar Capital's Chief Investment Officer and architect of the firm's Market Advantage Portfolio framework (MAPs). With over 20 years of professional experience, Neil is responsible for research, investment analysis and the development/oversight of new investment strategies and models.

Prior to co-founding Cedar Capital, a partner company of Good Harbor Financial, he served as portfolio manager and quantitative analyst for Allstate Investments. Neil earned a MBA with High Honors from The University of Chicago Booth School of Business, a MSEE from the University of Michigan and a BSEE from The Michigan Technological University where he graduated summa cum laude.
